Important Information for Students & Parents

December 18, 2020

A Huge thank you goes out to all individuals involved in making the 2020 Lena Adopt-a-Family program a success. There were six families adopted this year, serving 20 individuals. The families involved in the program will be given items to hopefully make their holiday brighter.

Included in this year's Adopt-a-Family program, will be presents from "Santa", a Christmas ham or turkey dinner (with all the fixings), boxes of Cleaning supplies, personal hygiene products, and let's not forget plates of goodies to tantalize all kinds of taste buds!

This program would not be possible without the generous donations from many individuals, which includes monetary donations, shopping, wrapping the gifts, preparing the boxes, labeling the presents, and distributing the items. Again, MANY thanks for making this a brighter holiday season for so many!

Best wishes!

Shelly Meisner
PK-12 School Counselor

All the generous gifts and donations, ready for delivery!

Exciting News from UW Oshkosh!!

UW Oshkosh is no longer requiring the \$25 application fee for undergraduate students!!

Students can now apply with our no-fee application. If a student previously paid the \$25 fee, we are moving that money to the student's account and using it as a tuition credit.

This announcement is part of our continued effort to remove barriers and increase access to higher education. There are a few other changes we've already implemented:

- We no longer require ACT or SAT scores, though students can still choose to submit them if they prefer
- We will accept unofficial high school transcripts for our admissions review
- We offer a variety of virtual options as well as small and socially distanced in-person campus tours.
- Admitted students no longer have to pay the \$100 tuition deposit to confirm their spot.

THOMAS H. LUTSEY

The scholarship once again opens January 1, 2021.

A few quick reminders related to this year's scholarship application:

1. The scholarship has a value of \$10,000!
2. Our application process is online and the requirements will make it easier for your students to apply.
3. We have defined the scholarship eligibility so students can easily tell if they are eligible.
4. We have simplified the academic record process for high schools, including an easy submission process.
