

Child Find Screening set for Monday, February 15th

The Lena School District will conduct the 2021 Child Find Screening at the Lena Elementary School Monday, February 15th, 8:00 am - 3:00 pm. This is a pre-school screening opportunity for children ages 2 ½- 4 who reside within or wish to attend the Lena Public School District. The purpose of this screening is to assess children's developmental progress in the areas of speech and language, motor skills, and social and emotional development.

The screenings will be by appointment only and must be made in advance. If you have a pre-school aged child who will be attending school next year or the following year, please call Kathie at 920-829-5995 x 3 to schedule an appointment.

If you would be unable to make an appointment with your child, please call anyway to get your child on the list to receive important school information.
